

**APPROVED MATERIALS LIST:**  
**FOR USE ON CONSTRUCTION PROJECTS**

**June 2024**

**RHODE ISLAND DEPARTMENT  
OF TRANSPORTATION**

Prepared by:  
Materials Management

## PREFACE

- This list is not to be construed as an endorsement or used for promotional purposes.
- This list is believed to be accurate as of the date of printing. Product specifications change, however, often without notice. It is the Contractor's responsibility to verify that each product is suitable for the given application and complies with the requirements of the Standard Specifications for Road and Bridge Construction at the time of its intended use.
- Products that fall within a product category being tested by the American Association of State Highway and Transportation Officials' (AASHTO) Product Evaluation & Audit Solutions will not be tested by the Rhode Island Department of Transportation (RIDOT). RIDOT approval for the same will be based on evaluation of the test results obtained through the AASHTO program.
- Roadside devices shall conform to MASH where applicable.
- The Rhode Island Department of Transportation makes no guarantee as to the availability of any of the products on the list. It is the Contractor's responsibility to check for product stock with sufficient lead-time to ensure that there are no project delays due to unavailability of materials.
- Buy America Requirement – for Federal-Aid Projects. Work shall be performed pursuant to 23 USC et seq., Buy America, and Title 23 of the Code of Federal Regulations, Buy America requirements, the current version, as amended.
