

# **MAJOR CHANGES TO ANNUAL DIVISIBLE (REDUCIBLE) LOAD PERMITTING**

- All annual divisible load (ADL) permits are now handled online by RIDOT exclusively and RIDMV is no longer involved.
- Documentation required to be in the vehicle includes but is not limited to the **permit, MGVWR (Manufacturer's Gross Vehicle Weight Rating) certification, bridge restrictions list** (<http://www.dot.ri.gov/travel/truckrestrictions.php>) , **insurance**, etc. An expired RIDMV issued ADL permit may be used for the MGVWR Certification if one cannot be procured from a manufacturer. This expired permit must be kept for the life of the vehicle.
- In addition to the information on your current permit, you will be required to provide **plate type, vehicle model, registered gross weight, and contact information for the Manufacturer who provided the MGVWR Certification.**
- All 2020 ADL permits must be completed online using the new permitting system. This is the same system currently used for single trip and blanket permits. (<https://www.ri.gov/DOT/osow/>).
- **Window stickers are no longer required starting April 1, 2020.**
- You will be issued a new permit through this system and not a renewal of your existing permit. You can use the information from your current permit to apply for the new permit if the vehicle has not changed. Additional information will be required as noted above.
- There are multiple methods of paying for your permit(s) online.
- Permit fees are not prorated or refunded for any reason.
- Additional information can be obtained by emailing [DOT.OSOW@dot.ri.gov](mailto:DOT.OSOW@dot.ri.gov) or calling (401) 563-4582.
